

An update on the Scheme's financial health 2024.

Welcome to this year's Summary Funding Statement. This will give you an update on the financial health of the Scheme on 31 March 2024.

What is the current financial health of our Scheme?

Over the year to 31 March 2024, the financial health of the Scheme remained well protected. The Scheme had 101% of the amount needed to pay everyone's benefits on 31 March 2024. This is slightly lower than the financial position on 31 March 2023 of 102% due to a fall in the market value of some of the Scheme's investments. Even so, the security of all members' benefits remains strong.

How are we protecting the financial health of our Scheme over the longer term?

We continue to aim to achieve even greater long-term financial health for the Scheme between 2029 and 2034, so that we have enough money in lower risk investments to reduce our future reliance on Tesco.

In addition, Tesco continues to provide £775m of extra security to the Scheme in the form of property. This will be passed to the Scheme in the unlikely event that Tesco stops trading.

We will continue to monitor the financial health of the Scheme and manage all risks very carefully.

When is the next update?

The Trustee regularly reviews the funding position of the Scheme and the next review will be a full valuation as at 31 March 2025. The Trustee will provide an update when the results are available.

Additional information that we're required to provide

- **What if the unthinkable happens and Tesco stops trading?**
In this situation, we've assumed that the Scheme would continue to be run by the Trustee, with very low-risk investments and with the Scheme continuing to pay benefits and meet the ongoing running costs ?" this is more expensive than the current funding approach. The £775m of extra security would then help protect the Scheme, together with the Scheme's other funds. On 31 March 2022, these assets covered about 80% of the amount needed to run the Scheme on this very low-risk basis.
- Since the last update, the Scheme has not made any payments to Tesco. The Pensions Regulator has not been required to use any of its powers in relation to the Scheme.

- **Where can I find out more about the work the Trustee is doing on climate change?**
You can read our Climate Change Report on our website at: pensionwebsite.co.uk.
A hard copy is also available on request.
